

SPANISH LINGUISTIC AND CULTURAL IMMERSION COURSES

& ENGLISH INSTRUCTION INTERNSHIPS

United Cultures Language School provides an enriching cultural and linguistic experience for students of all ages and language levels. Spanish classes, Cultural Visits, Excursions, and host family living arrangements are some of the aspects of our intensive courses. All programs can be set up through Schools, Universities, travel abroad organizations, or private groups, for credit or non-credit academic courses.

Our Linguistic and Cultural Immersions can range anywhere from 1 to 12 weeks based on the needs of each individual or group.

In addition to our Spanish Immersion Courses we also offer **English Instruction Internships** to students who are interested in coming to Spain for a 1-3 month stay and teaching English at United Cultures. Interns can choose from a host family stay (in return the family gets 5 hours of English instruction per week) or renting a student apartment/university residence.

This internship can be used for credit or non-credit academic courses.

Host Family

Stay for Students and Interns

Being part of a Spanish host family is an amazing opportunity for everyone involved. It allows the student not only to have a full cultural and linguistic immersion, but also the chance to make a lifelong international friendship. Students will spend time with their host family, participating in their daily activities, and therefore getting to know the normal Spanish routine, customs and lifestyle.
